

Brockley Wood Quarry Lorry Route Management Plan

Thank you for using Brockley Wood Quarry.

We have a VERY STRICT Lorry Route Management Plan which ALL HGV drivers MUST stick to on EVERY VISIT.

This Lorry Route Management Plan (LRMP) is a strict condition of our planning consent and your full co-operation in working with us to prevent local traffic nuisance is very much appreciated.

A complete version of this LRMP is available on our website. Please contact our office on 01473 517800 for further information.

HGV access, for movements to and from site, is ONLY allowed via Junction 32B on the A12 WITHOUT joining the A12 by using the banned routes through Bentley and Copdock.

****Follow directions - W3W: suits.wharfs.storage****

To all vehicles - No waiting on the roundabout at all times!!!

NO HGVs using the quarry are allowed to travel in either direction on London Road/Swan Hill, Copdock or on Capel Road/Station Road and Bentley Hall Road/Church Road, Bentley unless required:

- **for local access** where it is necessary to pick up or drop off a load in the area immediately served by London Road, Station Road, Bentley Hall Road, Capel Road and Church Road; or
- **In an emergency** as directed by the police.

Please note that no beacon lights on any vehicle are to be used whilst using the site roadways adjacent to the A12, to prevent the distraction of drivers on the A12.

FAILURE to stick to this Lorry Route Management Plan may lead to HGV drivers being prevented from using our quarry.

Thank you for helping us keep Bentley and Copdock free from quarry HGV traffic - it is appreciated.

I agree to stick to the Lorry Route Management Plan for Brockley Wood Quarry at all times:

HGV Driver's Name:	
Company/Business Name:	
Registration Plate Number:	
Signature:	
Date:	

Version: LRMP151025

STRICTLY NO ACCESS VIA THE HIGHLIGHTED RED ROUTES!!!
